2660 Balebuster (30 second radio script) For most growers, costs are going up across the board... To stay ahead, many are using the twenty-six-sixty Balebuster from Haybuster to save up to thirty percent on their feeding costs... The twenty-six-sixty can process hay and silage bales in any condition, which means the money you used to lose on wasted hay will stay where it belongs... right in your pocket... So stop by (DEALER NAME) in (CITY) to check out the twenty-six sixty Balebuster... and learn how you can cut costs by nearly thirty percent.
